

USED THERMAL HEATERS & REFURBISHING SERVICES

- ▶ USED HEATERS READY TO SHIP
- ▶ ON-SITE REFURB & RETROFIT
- ▶ FULL SERVICE & SUPPORT

Fulton Thermal Corporation now offers used and refurbished heaters from stock as well as refurbishing and retrofit services for existing installations. Whether you need quick delivery, control upgrades, or emissions retrofits, Fulton offers services to meet your needs.

USED HEATERS

Buying used can help customers get their process up and running in a fraction of the time and for significantly less up-front investment.

EXCEPTIONAL VALUE

Fulton's used and rental heaters offer all the capabilities of standard Fulton Thermal Coil Heaters. They are ready for use in virtually any market, including chemical processing, manufacturing, lamination, food, asphalt, and more.

- ▼ FRACTION OF THE COST OF A NEW UNIT
